IN SOLIDARITY!!!! IN SOLIDARITY!!!!

Mr Daryl Victor Wellington a member of the above named movement was declared wanted after he democratically exercised his democratic right on Monday 28th March 2022 by demonstrating over the hike in fuel pump price.

The movement cannot and will not dissociate itself from Mr. Wellington and his actions as his leadership and boldness has always motivate young people to always stand and speak up against all form of corruption, injustice and bad governance. He will continue to be a member and a strong pillar to this movement always until such a time he deemed otherwise.

We therefore ask all sierra Leoneans to remain calm as we engage the law enforcement body for a better way forward.
